# Become a Caux Program Scholar!

The Caux Scholars Program (CSP) is part of an active, multi-discipline alumni network of Initiatives of Change USA. Leaders represent diverse cultures, beliefs, languages, educational and religious backgrounds. More than 600 global graduates of CSP share their critical knowledge and experiences in addressing conflicts of many kinds in over 60 countries. **CSP has been a part of the Caux Forum for 27 years.** Each year, the Caux Forum connects 1,500 leaders in civil society, government and business through conferences, trainings and dialogues to build a just, sustainable and peaceful world.

The Caux Scholars Program teaches students to identify and analyze conflicts, to understand the factors that create and sustain conflicts, and to use practical methods to diffuse conflicts through global disciplines in conflict prevention, negotiation, development studies, international relations, legislation and policy, trauma healing and restorative justice. The scholars participate as full delegates in Caux Forum's **Towards Inclusive Peace conference (TIP)**, an event organized by CSP alumni that combines analysis, reflection and learning on peacebuilding approaches to violent extremism. They also work in simulations of the international criminal courts and visit with officials at the Geneva Center for International Policy, the United Nations, and the International Committee of the Red Cross.

## What is the Caux Scholar Program like?

In this 30-day residential program, Caux Scholars will have an opportunity to help create and continue the unique "spirit of Caux" as they join with other participants cooperatively working together to complete practical daily tasks at the Mountain House residence, including dining room service, cooking, housekeeping, gardening, or reception, for 6 - 7 hours per week.

**The environment of Caux, Switzerland gives space to Scholars to reflect on their own personal and professional journeys, their commitment to honest accountability, service toward building inclusive and just communities, and to securing health and wellness practices for themselves and others.**

**CSP faculty are expert advisors in their fields and include Dr. Carl Stauffer, Dr. Mohammed Abu-Nimer, Dr. David Anderson Hooker, Dr. Barry Hart and Dr. Samuel Doe.**
