Notes:

**\*Quiet Reflection:** In today's busy and chaotic society, Initiatives of Change offers silence as a tool for finding insight and inspiration. Through quiet introspection, listening to our inner voice for guidance, we can learn more about who we are. We believe that beneath the chatter and disturbances that crowd our minds lies a deeper source of wisdom and insight. Some refer to this as the True Self, others as the voice of God, others as Love, etc. When we are truly open and able to let go of the ego, the thoughts that come can be challenging and yet rewarding. Silence may influence our attitudes and relationships, leading to transformation and freedom. After each plenary we will offer 15 minutes for quiet reflection, accompanied by live professional piano playing, in the Main Hall.

**\*\*Community Groups:** On the day they arrive at Caux, participants will be asked to sign up to a Community Group. These aim to create a more intimate space, where participants have more opportunity to contribute their views, knowledge and experience of the topics discussed in the conference. In this safe space participants can share more openly from their personal stories and about their experience of the conference. We encourage participants to explore the inner changes they may be going through during their stay in Caux. Each Community Group will be led by two skilled facilitators.

**\*\*\*Training Tracks:** On arrival, participants will be asked to choose one of the **nine** Training Tracks on offer. These will focus on equipping participants with tools for their work in their organization or community. The Training Tracks will be run by experts in trustbuilding, peacebuilding and dialogue facilitation. Participants must commit to **one** training track over three afternoons. At the end of the training they will receive a certificate of completion.

**\*\*\*\*Optional program:** Space for participants to offer and lead workshops, presentations, talks, dialogues, meetings etc.
