On the occasion of Nuclear Victims Remembrance Day, RMI invites you to a commemoration event in honour of the victims and survivors of the 67 known nuclear weapons tests conducted in the Marshall Islands between 1946 and 1958. This year's NVRD theme "Añin Jitbon Mar", translates to "Spiritual Calling from our Islands" signifying a call from the Marshallese people for global solidarity in the pursuit of nuclear justice.

Keynote speaker: H.E. Dr. Hilda Heine, President of the Republic of the Marshall Islands (Video)
